Colourful variety for your drinks – the 4-piece straw set from joosiecap

Are you looking for replacement straws for your joosiecap lid or can you simply not decide on a colour? Then we have just the thing for you! With the **joosiecap 4-colour straw set**, you get four colourful straws in yellow, green, pink, and blue – suitable for the lid.

Easy to clean and hygienic: How to clean your joosiecap straws

To ensure the longevity of your straws, we recommend rinsing them with warm water immediately after use. If a stubborn stain does become a problem, a simple trick can help: mix water with a bit of vinegar, let the straws soak in it for about 5 minutes and then clean them with a suitable cleaning brush. This way, your straws will always remain clean and ready to use.

Be it for smoothies, cocktails or refreshing lemonades – with these reusable straws, you can enjoy your drinks in style. The high-quality materials ensure durability and make the straws an indispensable companion in your kitchen.
