

Item no. 303/099
Manufacturer's no. LP473

Diaphragm Pump CLASSICSERIE™ Drinking Water System WeißGELB®

Information

Dimensions	129 cm x 114 cm x 210 mm
Pack size	21 x 12.9 x 11.4 cm
Net weight	1.9 kg
Gross weight	2.1 kg
Catalogue page	440

The **3-chamber diaphragm pump of the CLASSICSERIE™** ensures that you have a reliable supply of drinking water in your motorhome. Thanks to the proven pressure switch control, water flows immediately when the tap is opened – automatically, precisely and without delay.

The unique diaphragm technology allows for controlled dosing, while each pump unit is equipped with a check valve for over 13 bar. This ensures the highest level of safety.

Advantages:

- **Self-priming and safe to run dry:** the pump operates reliably, even if it temporarily runs without water.
- **Robust design:** motor, base plate and pump head drive are made of metal, the pump head is made of durable polypropylene.
- **Standard-tested:** drinking water system WeißGELB® according to DIN 2001-02, tested according to KTW and DVGW worksheet W270.
- **Powerful:** supply of up to **5 taps** possible.

The **CLASSICSERIE™ diaphragm pump** is a durable, robust and efficient solution for motorhomes. With its innovative diaphragm technology and proven pressure switch

Specifications

Pressure	2.1 bar
Static head	3.1 m
Output	10.6 l/min
Nominal capacity	89 W
Nominal voltage	24 V
Nominal current	3.7 A
Type	LP473

control, it ensures a constant supply of drinking water at the highest level.
