This ergonomic camping chair impresses with its 7-position adjustable backrest, which can be individually adapted to your seating position. The sturdy, square frame design with stabilising feet ensures a secure stand at all times – even on uneven ground. The adjustable headrest and ergonomically shaped armrests provide additional comfort. The high-quality padding is particularly breathable: thanks to its open-cell structure, no moisture is retained, allowing the chair to dry significantly faster than conventional models with foam padding. With its extra-high seat and extended backrest, this chair is ideal for tall people. The anodised H-frame additionally provides stability and durability.
