Ventilator Kit for S260

THETFORD

Information

Dimensions	11 x 10 x 23 cm
Pack size	23.5 x 11 x 10 cm
Net weight	400 g
Gross weight	500 g
Catalogue page	469

The Thetford S260 Electric Ventilator Kit provides fresh air and increased comfort in motorhomes or caravans. The powerful fan extracts stale air directly from the cassette toilet, passes it through an activated carbon filter and then vents it outside. This effectively reduces unpleasant odours – both inside and outside the vehicle.

Thanks to the active odour extraction, the bathroom remains hygienic and pleasant. The system operates quietly and reliably, offering simple control with Off, On and Boost functions. Ideal for compact spaces where freshness and cleanliness are especially important.

The activated carbon filter can be replaced as needed to maintain full performance over time. Installation is quick and easy with the included instructions.

Highlights:

- Active odour extraction directly from the cassette toilet
- Air purification via activated carbon filter before venting outside
- Greater comfort and hygiene in confined spaces
- Compatible with Thetford S260(CS) cassette toilet and SK260 conversion kit

Specifications

Colour	white
Suitable for	S260(CS)

- Replaceable filter for consistent performance
- Simple operation with Off, On and Boost functions
