Illuminate your life with style and comfort with the Dometic LED gooseneck lamp – a modern and versatile lighting solution that offers both functionality and a great look in one. This elegant lamp is made of high-quality plastic that is not only durable but also pleasant to the touch. The lamp blends seamlessly into any interior.

The Dometic gooseneck lamp is equipped with an innovative touch sensor that makes it easy to operate. With just a light touch, you can switch the light on and off, allowing you to effortlessly adjust the lighting to your needs. The flexible gooseneck design allows you to direct the light beam exactly where you need it – be it for reading, working or simply as atmospheric background lighting.

A special highlight of this lamp is the integrated USB charging connection in the lamp base. This means that the lamp not only provides light, but also a convenient charging option for your smartphone, tablet or other USB devices. This means you always have a tidy workplace and everything you need to hand.

With a light colour of warm white (3000 K), the Dometic LED gooseneck lamp creates a warm and inviting atmosphere in
