Peg Set for Waste Water Hose

Information

Dimensions	300x6 mm
Pack size	33.5x15.6x4 cm
Net weight	1.18 kg
Gross weight	1.3 kg
Catalogue page	431

Drive the hold-up plus pegs into the ground at different heights to create a sloping path for the waste water hose. This way, the waste water flows effectively out of your motorhome/caravan into the sewage system. The gooseneck in the flexible waste water hose prevents foul odours from the sewage system. The set consists of 10 pegs. The pegs are supplied in a drawstring bag.
