Pack size	24.8x9.3x5.7 cm
Net weight	505 g
Gross weight	593 g

SmokeEx odour eliminator + freshness spray 500 ml is the effective solution for reliable and long-lasting odour neutralisation on leather and textiles. This versatile spray thoroughly removes unpleasant smells and provides a pleasant freshness – in vehicles, at home or on the go.

Reliable odour removal for many materials

Be it upholstery, carpets, fabrics, shoes or clothing: the SmokeEx odour eliminator eliminates bothersome odours such as animal smells, cigarette smoke or sweat. Neutralising ingredients of plant origin penetrate deep into the fibres and bind odour-causing particles instead of merely masking them.

Fresh scent & versatile use

After application, a subtle, fresh scent remains. Additionally, the spray can also be used as a room spray, creating a pleasant indoor atmosphere.

Instructions for use:

- Turn the spray nozzle to the spray position.
- Test colourfastness of textiles on an inconspicuous area.
- Spray textiles evenly until slightly damp.
- Allow to dry.
- Distribute evenly on leather surfaces with a cloth.

Specifications

Content 500 ml

- For strong odours, leave to act for a longer time with windows closed.

- Repeat the process if necessary.

Important note: protect from frost!

Areas of application: leather, textiles, upholstery, carpets, clothing, shoes, interiors
