

Item no. 610/450
Manufacturer's no. HP68

HP Combi Tool Aluminium

Information

Dimensions	10x 19x2.5 cm
Pack size	19x 10x4 cm
Net weight	80 g
Gross weight	90 g
Catalogue page	72

Peggy Peg screw pegs are designed in such a way that with the same attachment they can be screwed either with a cordless screwdriver or with the handle. By separating the adapter and handle, only the combination tool is needed for all applications. The heads of the screw pegs have a stop ring on the hexagonal head. This prevents the adapter or handle from jamming, which with other screw pegs often leads to a screw head breaking off due to the leverage. The hand spanner is made of glass-fibre reinforced polyamide.

Advantages:

- 2-piece tool for screwing with hand or cordless screwdriver
- Aluminium adapter can withstand a greater number of Nm, compatible with the PP screw peg Schlag
- Fits all Peggy Peg screw heads

Specifications

Colour	orange, silver
Material	aluminium
