Toilet Insert Twusch, C220

THETFORD

Information

Pack size	33x26.5x22.5 cm
Net weight	800 g
Gross weight	1.3 kg
Catalogue page	468

The porcelain insert produced by a renowned German porcelain manufacturer is suitable for several different motorhome/ caravan toilets. Please choose the insert suitable for your toilet.

The surface of the insert is hard like glass and just as durable. The porcelain glaze used creates a lotus effect on the surface. This makes cleaning less time-consuming and you save water. At approx. 700 g, the insert is extremely light and therefore only has a minimal impact on your maximum load.

Cassette toilets often become dull and discoloured after a while. The insert covers, protects and is also highly antibacterial.

- Scratch-resistant
- Antibacterial
- Porcelain glaze creates lotus effect
- Low weight
- Easy to clean
- Saves water
- More hygienic
- Cassette does not have to be emptied as often
