Awning Set HP Heavy Duty, Screw Pegs incl. Bag

Information

Dimensions	17x36x8 cm
Pack size	36x17x8 cm
Net weight	1.7 kg
Gross weight	1.7 kg
Catalogue page	187

The HP Heavy Duty awning set has been designed for demanding use on hard, compacted and rocky ground. With this complete set, you can securely fasten your awning—even under extreme conditions.

The Fix&Go Anchor Plate 2.0 ensures a stable base for your awning feet while allowing flexible retraction without loosening the entire fastening. Six robust Peg&Stop Heavy Duty screw pegs made of saltwater-resistant stainless steel keep the anchor plate firmly in place, while the large Long Aluminium screw peg provides additional grip in sandy or mixed soils.

Thanks to the Locknut 2.0, straps and ropes can be tensioned precisely, making the system versatile—including for tent guy ropes with higher leverage. The Impact Adapter included in the set enables quick screwing with an impact wrench. Everything is neatly and securely stored in a durable carry bag.

Advantages:

- Ideal for compact, rocky or hard soils
- Peg&Stop Heavy Duty stainless steel screw pegs – corrosion- and saltwater-resistant
- Perfect for tensioning straps and ropes with Locknut 2.0
