## AGM Battery GREENPOWER, 250 Ah

NDS → DOMETIC

### Information

|                |                    |
|----------------|--------------------|
| Dimensions     | 521 x 223 x 269 mm |
| Pack size      | 54 x 28 x 26 cm    |
| Net weight     | 72 kg              |
| Gross weight   | 72 kg              |
| Catalogue page | 615                |

GREENPOWER is the first deep-cycle battery designed for use in motorhomes. This AGM battery features special lead/steel alloy plates and has an extra-long service life of 4 to 7 years with up to 1200 cycles. The special glass fibre separators absorb the electrolyte, prevent leakage and allow the battery to be installed in any position and/or angle without the need for maintenance.

### Domestic NDS GREENPOWER

- Long-lasting AGM battery
- 40% more autonomy than conventional batteries
- Complies with IEC, JIS and EN regulations
- Classified as non-hazardous

### Specifications

|                    |            |
|--------------------|------------|
| Battery technology | AGM (lead) |
| Capacity           | 250 Ah     |
| Nominal voltage    | 12 V       |
| Type               | GP 250     |
