

Item no. 300/434
Manufacturer's no. GL1250

Water Tank 2.0

Information

Dimensions	36x28x23 cm
Pack size	36x34.3x26.7 cm
Net weight	2.3 kg
Gross weight	3.2 kg
Catalogue page	460

The WaterPORT water tank 2.0 holds approx. 7.5 litres of water, which you can make ready for use with the built-in pump in just a few pumping operations (up to 2.75 bar). You can fill it with a conventional garden hose. Thanks to its compact size, the WaterPORT water tank fits easily into the boot and is easy to transport. The high-pressure nozzle included in delivery offers five different settings for different applications.

Highlights:

- **Hands-free use:** With the optional WaterPORT nozzle holder with motion sensor, you can have your hands free while enjoying running water.
- **High-pressure spray nozzle:** The multi-nozzle of the WaterPORT water tank offers different settings for versatile applications such as a fine spray mist, a powerful jet rinse or a gentle shower setting.

The WaterPORT water tank 2.0 offers maximum flexibility and convenience for your outdoor adventures!
