Aerodynamic roof cable routing

The optimal combination of functionality and aesthetics for letting cables into the vehicle. A wide adhesive seam and a waterproof PG connection make secure installation easier. Suitable for cable diameters from 4 mm to 13.5 mm. Simply stick it on with a special ABS adhesive to ensure a safe and permanently waterproof cable routing to the interior.

Features:

- Lightweight
- Aerodynamic shape, no disturbing wind noise
- Specially coated ABS plastic
- UV-stable
